

Bio Oxy Skin

System including Oxygen generator + Oxygen generator holder + 6 Wheat Grass Extract based Cosmetic Products and 2 Oils + sprayer nozzle Oxy Gun (to spray oxygen & cosmetic program)

- **Session** is from 40' (face) to 50' (body) long
- **Needed Area** from 5 - 10 square meters
- **Features:** that's a unique 100% natural oxygen beauty system. No other company worldwide offers a beauty oxygen-based treatment using absolutely natural programs. It offers gently pure oxygen and 6 special effective natural cocktails. The sprayed oxygen increases cells' metabolism, activates skin blood flow, helps the preparation's penetration; the cosmetologic preparations take care of different skin problems (1 anti wrinkles, 1 antiacne & greasy, 1 regenerative, 1 antiredness, 1 firming breast, 1 anticellulite). 2 oils after facials.
- **Benefits:** skin rejuvenation, very nice visible results on specific skin problems such as wrinkles, acne rosacea, greasy skin, dull skin, heavy calves & feet etc. However, it's thanks to its oxygen concentrator holder that Bio Oxy Skin becomes something more than an effective beauty device: the oxygen concentrator is hidden and protected inside the holder and the whole system becomes extremely elegant and easy to move. It works as a beauty device and looks like a stylish furnishing element. Might we ask more?
- **Target:** Beauty Centres, Beauty Clinics, Spas
